Hi Alice,

The Adobe stamp that we use is a Custom Stamp that we created in Adobe Acrobat. The Records Center team has this Custom Stamp. If you all have documents that need to be "DECLASSIFIED" with the stamp and initialed and dated, then you can send us the first page or the entire file and we will add the stamp on the top of the first page and email back to you.

We are happy to assist!!

Regards,  
Melinda Morgan
